Communicated with a few historians requesting assistance with questions.

Suggestions for Future Plans Related to this Office/Committee

Will be prepared to conduct some oral history interviews at the 2008 Conference. Will need a space available to do this.  
Will work with the membership to identify and locate individuals for interviews.  
Will solicit assistance from individuals who live near interviewees to conduct the interviews.

Action Required by Board:

None at this time.

Budget Implications:

May have some in the future if there is a need to purchase interview equipment – camera, microphone, tripod, etc. Not making that request at this time.
