Suggestions for Future Plans Related to this Office/Committee

None at this time.

Action Required by Board:

Motion: To bypass the CCC and allow the republication at no charge of materials from Quest that have been previously published in earlier editions of a book.

Background: We received a complaint from Human Kinetics about imposing the standard CCC fee for republication of Quest material to be used in a second edition of a book authored by Shirl Hoffman. He was allowed to use it at no charge in the first edition. (We already grant permission for an author to republish his/her own work at no charge.) The email exchange among members of the Executive Board seemed to favor the motion presented.

Budget Implications:

There is a sliding scale ranging from \$100-\$500 for republication of Quest materials in a book with printings ranging from 100-10,000 copies. Estimated revenue loss to NAKPEHE is \$1,000-\$2,000 per year.
