

NAKPEHE OFFICER/COMMITTEE CHAIR REPORT FORM
Progress Report

September 10, 2008

Report #: _7.10

Name of Office/Committee: _____Technology_____

Person Submitting Report: _____ Gordon Schmidt _____

Progress Report/Tasks Completed:

- Worked with new Webmaster Robert McKetharn to update and refine NAKPEHE website. There are several items that need refinement. The website is a basic version and there is not much glitz to it. Should funds become available, a complete revision of the website could be considered.
- Contacted Human Kinetics regarding uploading onto website previously archived issues of The Chronicle of Kinesiology and Physical Education in Higher Education. The contact person's email address has been disconnected. Follow up will ensue.
- Worked with President Forbes to set up the teleconference for September 18, 2008 at 2 p.m. The company Telspan would be a potential source for assisting with the conference. Without voting, and simply as a teleconference, the Operator Assisted option is the simplest at 14 cents per minute per person (estimated to be about \$130). The more comprehensive audio only teleconference with a dedicated operator throughout the teleconference (what they call Q&A) will be 21 cents per minute per person (about \$300). With electronic voting, the cost is about the same as the Q&A (13 cents for web and 8 cents per audio = 21 cents per minute = about \$300).
- Further work is progressing with:
 - membership list from Quest and Acteva to assist Membership Committee in obtaining up-to-date names of NAKPEHE members.
 - archives for historical NAKPEHE documents. Potentially scan and upload the documents to website.
 - cross-link websites with affiliated organizations such as AAHPERD and AKA.

Suggestions for Future Plans Related to this Office/Committee

- Consider appointing a professional webmaster
- Continue online voting through paid web-service

Action Required by Board: Teleconference options.

Budget Implications: Teleconference fees
